

Election Special 2015

With a General Election scheduled for Thursday May 7th 2015, we have approached the three largest political parties to produce a statement as to "What will you do for education in Dudley were your party to win the forthcoming General Election and gain control at Westminster?" Each was set the same task and timescale and all have adhered to the requirements we set.

The statements themselves are accessible by clicking on the following links:-

[Conservative Statement](#)

[Labour Statement](#)

[Liberal Democrat Statement](#)

As an Association we remain strictly non-political and so will refrain from commenting about any one statement, but we do believe that each of us should have the opportunity to review these statements, whether or not they influence our voting pattern, but equally as a means of comparing what actually happens as against what was intended to happen.

We hope that you find this useful.
